Empowering Your Clinic

We provide smart digital solutions—from professional websites to advanced clinic management systems—that simplify operations and help your practice grow with confidence.

ABOUT US

KC Relics Pty Ltd is a digital ecosystem thriving on innovation, specializing in crafting user-friendly and visually appealing websites. We go beyond traditional web development, seamlessly blending technology with tailored solutions to deliver exceptional user experiences.

Why this SOP exists

To establish clear standards and procedures that ensure consistency, accountability, and efficiency in affiliate management.

Grow Smarter, Run Easier

Our all-in-one clinic and patient management system, paired with professional websites, helps you streamline appointments, manage patient records, and handle billing effortlessly. Everything is designed to save time, reduce stress, and support your clinic's growth every step of the way.

Core Principles

Integrity. Innovation. Excellence.

We deliver solutions that simplify clinic management, connect you with patients, and help your practice grow.

Our Commitment

At KC Relics, we design websites and apps that bring your vision to life. With integrity, creativity, and innovation at the core, we craft digital experiences that connect you to your patients and grow your practice.

Our Mission

We create smart web and app solutions that showcase your unique story. With integrity, creativity, and a focus on your success, we go beyond expectations to deliver results that last.

Vision:

To be the trusted partner that helps you grow, connect, and succeed through quality, innovation, and values you can rely on.

All the tools you need—appointments, patient records, services, and encounters—organized in one easy-to-use system.

A New Era for Your Clinic

KC Relics introduces a powerful Clinic and Patient Management System built to make your work easier. From managing your clinic to caring for patients, our system gives private practitioners the smart tools they need to save time, stay organized, and grow with confidence.

KC Relics is changing the way clinics work with an all-in-one system. We build professional websites and streamline clinic management so healthcare professionals can focus on what matters most—caring for patients.

FEATURES

- Strategic decision-making support.

9. Patient Communication:

- Expanded patient communication features.
- Secure messaging for improved engagement.

Why this SOP exists

To establish clear standards and procedures that ensure consistency, accountability, and efficiency in affiliate management.

A Visual Insight.

Get a firsthand look at our Clinic and Patient Management System. The screenshots below show its simple interface and powerful features—making clinic management easier and patient care better.

START

Dashboard

Manage appointments, access patient records, and coordinate care effortlessly with a simple, intuitive interface. Stay organized and focused on what matters—patient care.

The dashboard features a sidebar on the left with the following navigation items: Dashboard, Appointments, Encounters, Patients, Services, Billing records (PRO), and Settings. The main content area includes four summary cards at the top: Total Patients (0), Total Appointments (0), Total Today Appointments (0), and Total Service (0). Below these is an 'Appointment' section with a calendar for October 2024. The calendar shows dates from 30th to 3rd, with the 12th highlighted. A 'Today' button is active, and other view options are 'Month', 'Day', and 'Week'. A filter button '+ Apply filters' is also present.

Mon	Tue	Wed	Thu	Fri	Sat	Sun
30	1	2	3	4	5	6
7	8	9	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29	30	31	1	2	3

Please use a valid license key. [More Info](#)

Appointments

Easily schedule, manage, and track appointments with a simple, intuitive dashboard. Keep your clinic organized and patients on time—without the hassle.

The screenshot displays the 'Appointments' dashboard in the KiviCare system. On the left is a navigation sidebar with options: Dashboard, Appointments (selected), Encounters, Patients, Services, Billing records (PRO), and Settings. The main content area features a 'Filters' section with an '+ Apply filters' button. Below this is an 'Appointment' section with '+ Add appointment' and filter buttons for 'ALL', 'UPCOMING', and 'PAST'. A table lists appointments with columns: PATIENT NAME, SERVICES, CHARGES, PAYMENT MODE, STATUS, and ACTION. One appointment is shown for October 12, 2024, for patient 'DD' (Demopatient demo) at 10:30 am - 11:00 am at 'KC RELICS' clinic. The service is 'Teeth Whitening' with a charge of 'R300/-' and a 'Manual' payment mode. The status is 'BOOKED'. Action buttons include 'Check in' and a trash icon. At the bottom right, there are 'Prev', '1', and 'Next' navigation buttons, with '1' being the active page. The footer reads '© KiviCare - Clinic and Patient Management System (EHR)'.

Why Choose Us!

Choosing KC Relics means gaining a partner dedicated to growing your clinic. We provide innovative websites and smart clinic management systems designed to save time, simplify operations, and improve patient care.

Our solutions are user-friendly, visually appealing, and built around your needs. From captivating websites to advanced management tools, everything works together to make your clinic run smoothly.

Trust KC Relics to bring efficiency, innovation, and excellence to your practice—and take your healthcare services into the digital future.

Benefits

Discover the benefits of our healthcare management system, designed to streamline operations and enhance patient care with automated scheduling, centralized records, and improved communication, all while offering scalability as your practice grows.

Streamlined Scheduling: Automate appointments to reduce no-shows and double bookings, optimizing time and patient flow.

Centralized Patient Records: Access comprehensive, up-to-date patient information in one place, minimizing errors and improving outcomes.

Enhanced Communication: Improve communication between teams and patients with integrated messaging for timely updates and follow-ups.

Data-Driven Insights: Utilize analytics for insights into patient trends and service usage, enabling informed decision-making.

User-Friendly Design: Enjoy an intuitive interface that simplifies navigation, reducing training time and enhancing user satisfaction.

Scalable Solutions: Easily adapt the system to accommodate practice growth, ensuring long-term success and flexibility.
